The Honorable Eugene Vindman
Vindman for Congress
4222 Fortuna Center Plaza, Suite 664
Dumfries, VA 22025

Dear Congressman Vindman,

On behalf of Animal Wellness Action (AWA), a national policy and political organization dedicated to strengthening and advancing legal protections for animals, we are pleased to endorse your campaign for the Democratic nomination in Virginia's 7th Congressional District on June 30th.

Your voting record demonstrates a commitment to animal welfare, wildlife protection, and humane public policy.

We appreciate your opposition to [the Farm, Food, and National Security Act, H.R. 7567](#), which included a provision to repeal key state farm animal welfare laws. H.R. 7567 also omitted several bipartisan animal welfare measures, including provisions to end horse slaughter exports (the SAFE Act) and strengthen enforcement against organized animal fighting enterprises (the FIGHT Act).

We commend your vote against the Riley Moore amendment ([House Roll Call Vote 149](#)) during floor consideration of the Farm bill. That amendment sought to punch a hole in the Greyhound Protection Act by creating an exemption allowing commercial greyhound racing to continue in West Virginia – the only state with live greyhound racing. Your vote helped preserve federal protections against an industry long associated with careless treatment of dogs.

We also appreciate your votes against Rep. Lauren Boebert's legislative effort, [H.R. 845](#), to strip federal protection for gray wolves from the 1973 Endangered Species Act (ESA) and [H.R. 556](#), which would restrict federal agencies from addressing the well-documented harms caused by lead ammunition and tackle to wildlife. Those votes demonstrated a commitment to science-based wildlife conservation and responsible stewardship of our natural resources.

Additionally, we thank you for cosponsoring: the Save America's Forgotten Equines (SAFE) Act, [H.R. 1661](#), to prohibit the export of American horses for slaughter for human consumption; the Animal Cruelty Enforcement Act, [H.R. 1477](#), to create a dedicated team of federal animal crime prosecutors within the Justice Department; and, the Kangaroo Protection Act, [H.R. 1992](#), to prohibit the import, possession, and commercial sale of kangaroo hides and products into the United States.

We do hope you'll take a serious look at another, more recent anti-cruelty bill -- the No Flight No Fight Act, [H.R. 7371](#). This measure is designed to stop commercial airlines from transporting

adult roosters used in illegal animal fighting derbies. We also hope you will reiterate your support for all provisions of the FIGHT Act after the unacceptable weakening of the measure with a 2nd degree amendment during the Farm bill markup.

A profound respect for the humane treatment of animals is a core value shared by Americans across the political spectrum. How we treat animals is a powerful reflection of our character as a society, and evidence consistently shows that acts of animal cruelty are frequently linked with broader patterns of violence and antisocial behavior that threaten public safety. By standing against these abuses, you are helping to make communities safer for families and children while upholding fundamental standards of common decency.

For these reasons, Animal Wellness Action is proud to endorse your campaign to win the Democratic nomination in the 7th Congressional District of Virginia. We look forward to continuing to work with you to advance strong, bipartisan animal protection policies in the 120th Congress.

Sincerely,

A handwritten signature in cursive script that reads "Wayne Pacelle". The signature is written in black ink and is positioned above the typed name and title.

Wayne Pacelle
