

July 1, 2026

The Honorable Suzan DelBene
DelBene for Congress
P.O. Box 477
Kirkland, WA 9808

Dear Congresswoman DelBene,

On behalf of Animal Wellness Action (AWA), a national policy and political organization dedicated to strengthening and advancing legal protections for animals, we are pleased to endorse your campaign for reelection to represent Washington's 1st Congressional District in the August 4, 2026, top-two primary election.

Your voting record demonstrates a commitment to animal welfare, wildlife protection, and humane public policy.

We appreciate your opposition to [the Farm, Food, and National Security Act, H.R. 7567](#), which included a provision to repeal key state farm animal welfare laws. H.R. 7567 also omitted several bipartisan animal welfare measures, including provisions to end horse slaughter exports (the SAFE Act) and strengthen enforcement against organized animal fighting enterprises (the FIGHT Act).

You flagged your opposition to the repeal of the farm animal welfare laws by joining 182 House Democrats who urged congressional leaders to reject its inclusion in the 2026 Farm Bill. The proposal would have overturned state laws, approved by millions of voters, to establish humane standards for the treatment of farm animals and would have weakened the authority of states to regulate agricultural products sold within their borders.

We commend your vote against the Riley Moore amendment ([House Roll Call Vote 149](#)) during floor consideration of the Farm bill. That amendment sought to punch a hole in the Greyhound Protection Act by creating an exemption allowing commercial greyhound racing to continue in West Virginia – the only state with live greyhound racing. Your vote helped preserve federal protections against an industry long associated with careless treatment of dogs.

We also appreciate your votes against Rep. Lauren Boebert's legislative effort, [H.R. 845](#), to strip federal protection for gray wolves from the 1973 Endangered Species Act (ESA) and [H.R. 556](#), which would restrict federal agencies from addressing the well-documented harms caused by lead ammunition and tackle to wildlife. Those votes demonstrated a commitment to science-based wildlife conservation and responsible stewardship of our natural resources.

We thank you for cosponsoring Save America's Forgotten Equines (SAFE) Act, [H.R. 1661](#), to prohibit the export of American horses for slaughter for human consumption.

We do hope you'll take a serious look at a set of anti-cruelty bills, the FIGHT Act, [H.R. 3946](#); the No Flight No Fight Act, [H.R. 7371](#); and the Animal Cruelty Enforcement Act, [H.R. 1477](#). These are all bipartisan, broadly supported by the American law enforcement and animal welfare communities. We also hope you'll look to support efforts to stop the mass slaughter of North American barred owls in the Pacific Northwest and in California. Killing 450,000 barred owls and perhaps spending \$1.35 billion on an unworkable and inhumane project is unacceptable.

A profound respect for the humane treatment of animals is a core value shared by Americans across the political spectrum. How we treat animals is a powerful reflection of our character as a society, and evidence consistently shows that acts of animal cruelty are frequently linked with broader patterns of violence and antisocial behavior that threaten public safety. By standing against these abuses, you are helping to make communities safer for families and children while upholding fundamental standards of common decency.

For these reasons, Animal Wellness Action is proud to endorse your campaign to win the campaign for reelection to represent Washington's 1st Congressional District in the August 4, 2026, top-two primary election.

We look forward to continuing to work with you to advance strong, bipartisan animal protection policies in the 120th Congress.

Sincerely,

A handwritten signature in dark ink, reading "Wayne Pacelle". The signature is fluid and cursive, with the first name "Wayne" and last name "Pacelle" clearly distinguishable.

Wayne Pacelle
President
Animal Wellness Action
